A new addition to the playground over the holidays has been the Friendship seat. The seat was designed, constructed and painted by our very talented parents Mandie and Paul Wilson, Kim and Mark Brogan and Bonnie and Troy Palmer. We would like to sincerely thank these parents for their hard work in establishing the Friendship seat. Friendship Seats are designed for students who find themselves with no one to play with during their lunch or recess break. By sitting on the seat, the students will alert teachers and other students that they are lonely and other students will be encouraged to include the student in their activities. Play equipment is also placed near the Friendship seat to allow students to take part in an activity and to encourage others to join them.
