Parent Concerns and Complaints Procedures

RATIONALE

This policy is to ensure that when complaints and concerns are raised that the focus of the outcome is always in the best interest of the student. We recognize that when concerns and complaints are addressed in a timely manner and parents and staff work in partnership, the best possible outcome for the student will be achieved.

AIMS

To provide a process through which parents may raise concerns and also feel assured that their complaints and concerns are taken seriously.

The school will address any concerns or complaints with:

- courtesy
- efficiency
- fairness
- promptness, with regard to the timeline agreed with the person with the concern or complaint

- the principal about issues relating to staff members, very complex student issues, issues relating to school policy or school management

Expectations

The school expects a person raising a concern or complaint to:

- maintain and respect the privacy and confidentiality of all parties
- acknowledge that a common goal is to achieve an outcome acceptable to all parties
- act in good faith, and in a calm and courteous manner
- show respect and understanding of each other's point of view and value difference, rather than judge and blame
- recognize that all parties have rights and responsibilities which must be balanced.

Help with Raising Concerns and Complaints

Complainants can seek the services of an advocate when they feel they are unable to express their concern clearly. An advocate can be a friend or someone who is available through an appropriate support organisation who does not receive a fee for service.

All parties involved in addressing a complaint may seek the services of a mediator when there is difficulty coming to an agreement. The school will ensure that the complainant is aware of these supports. A complainant who wishes to use these support services should ensure the person addressing the concern or complaint is aware of their intention and is in agreement.

Managing Parent Concerns and Complaints Information

The school will maintain appropriate systems to record and monitor concerns and complaints and their resolution. These records will include the following details of all concerns and complaints received, even if the complaint appears to be minor:

- name and contact details (with permission) of the person with a concern or complaint
- the date the concern was expressed or complaint made
- the form in which the concern or complaint was received (such as face-to-face, by telephone, in writing, by email)
- a brief description of the concern or complaint
- details of the school officer responding to the concern or complaint \action taken on the concern or complaint
- the outcome of action taken on the concern or complaint
- any recommendations for future improvement in the school's policy or procedures.

Addressing Parent Concerns & Complaints

Haddon PS is an open, friendly, safe and inclusive Learning Community in which students, parents, staff and the wider community work together so that all students can achieve personal excellence. We acknowledge that on occasions differences of opinion arise. We strongly believe that where concerns and complaints are addressed in a timely manner and students, parents and staff work in partnership, we will achieve our common goal - being the best possible outcome for the student. Our school is committed to treating everyone with dignity and respect and encourages good communication between our parents and the school. Teaching and learning works best when parents and teachers talk to each other and work together to solve problems.

- The school will make every effort to resolve concerns and complaints before involving other levels of the Department.
- The school will give a complainant a copy of its parent concerns and complaints policy and procedures.
- The school will determine whether a concern or complaint should be managed through the school's concerns and complaints procedures or through other complaints processes of the Department.
- All concerns and complaints will be noted and acted on promptly by the staff member who receives the complaint.
- The school will acknowledge all complaints made in writing. It will provide the complainant with a timeline for investigating the complaint.
- The Principal / Assistant Principal will investigate all complaints and will provide a response to the complainant.
- Concerns and complaints about general school matters (such as the timing of events, school policies and facilities) will be addressed by the Principal or a relevant staff member.
- The school will make every attempt to resolve a concern or complaint as quickly as possible. If a complaint involves many students and a range of issues, the school will need more time to investigate and resolve it.

Remedies

If a concern or complaint is substantiated in whole or part, the school may offer an appropriate remedy. At its discretion and depending on the circumstances, the school might offer:

- an explanation or further information about the issue
- mediation, counselling or other support

- a change of decision
- to revise its policies, procedures or practices
- an apology, expression of regret or admission of fault

The school will implement the remedy as soon as practicable.

Referrals of Concerns and Complaints

If a person with a concern or complaint is not satisfied with the outcome determined by the school, they should contact the Department's Regional Office.

The officer from the region will ask the complainant for a complete and factual account in writing of the concern or complaint and the complainant's opinion about why the school did not resolve it to their satisfaction. If the complaint cannot be resolved by the complainant, school and regional office working together, the regional office may refer it to the Department's Group Coordination Division. The Division will ask the complainant for a complete and factual account in writing of the concern or complaint and the complainant's opinion about why the school and regional office did not resolve it to their satisfaction and will ask the complainant to outline their view on the course of action required to resolve the complaint. Where the complainant is unable to provide a written account the office from Group Coordination Division should act on the information provided.

Definitions

- a "**concern**" is an issue of interest (because of its importance and effect) which is raised informally in order to change or improve a situation e.g. I believe that the school's phys ed policy and program is inadequate. I don't think that it caters for students who have well developed skills and who need to be involved in competitive sport. I think the school should review its policy in this area.
- A "**complaint**" is an expression of grievance or resentment where the complainant is seeking redress or justice e.g. My daughter has been left out of the school netball team for the third time in a row. She is an accomplished netballer and deserves to be part of the team. It is not fair that she has been left out and I want to do something about it. I believe that the school's phys ed policy and program is inadequate. I don't think it caters for students who have well developed skills and who need to be involved in competitive sport. I think the school should review its policy in this area.
