POLICY

School profile

Haddon Primary School is located within the Golden Plains Shire, 15km outside of Ballarat. Our staff are committed to developing students as lifelong learners. Our three values, Respect, Effort and Kindness, are the foundations of what our school is built on. We have 260 students and 28 staff in total and cater for grades Prep to Six.

Our school grounds back onto native bushland, and we are surrounded by a supportive community. Most students that attend our school live locally and surrounding communities and tend to be driven

Haddon Primary School

or catch the bus to school. Haddon Primary School has developed close ties to the local community, and enjoys support from our local shops and community services.

We strive to provide a nurturing and challenging environment that empowers students to reach their personal best, both academically and socially.

School values, philosophy and vision

Haddon Primary School's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Students, staff and members of our school community are encouraged to live and demonstrate our core values of effort, respect and kindness at every opportunity.

Our school's vision is to empower students to reach their personal best, and fully equip them to contribute positively to society as happy, healthy young adults.

Our Statement of Values is available online at: <https://haddonps.vic.edu.au/>

Our school is committed to providing a safe, secure and stimulating learning environment for all students. Students can reach their full educational potential only when they are happy, healthy and safe, and when there is a positive school culture to engage and support them in their learning. Our school acknowledges that student wellbeing and student learning outcomes are inextricably linked. It is fundamental to acknowledge that each teacher is a vital source of support and a determinant in the success of their students. The teachers at this school will work collectively to ensure that students feel valued and cared for, have meaningful opportunities to contribute to the school and can effectively engage with their learning. This school recognises the need to be engaging and inclusive, recognising and responding to the diverse needs of our students, accommodating different learning profiles and rates of learning and intervening early to identify and respond to individual student needs.

Our school strives to be a learning community where students and teachers can relate well to each other, and where different ideas and viewpoints are valued and respected.

Our heterogeneous profile means that in any given class a range of student ability exists, in some cases spanning five years. Within this diversity, our school aims to challenge all students to become optimistic, resilient, creative and critical thinkers. We seek to promote our school values of diversity, achievement, responsibility and endeavour throughout the curriculum, in co-curricular activities, and in our daily operations.

Our teaching and learning philosophy is :

- The teaching and learning is relevant to each student's interests, lives and aspirations
- The teaching and learning is rigorous, and each teacher will make a commitment to appropriately support, build and challenge every student
- Relationships are an essential component of effective learning and teaching
- Our practices are responsive to contemporary research and innovation.

Student behavioural expectations and management

Behavioural expectations of students, staff and families are grounded in our school's Statement of Values. Student bullying behaviour will be responded to consistently with Haddon Primary School's Bullying policy.

When a student acts in breach of the behaviour standards of our school community, Haddon Primary School will institute a staged response, consistent with the Department's policies on behaviour, discipline and student wellbeing and engagement. Where appropriate, parents will be informed about the inappropriate behaviour and the disciplinary action taken by teachers and other school staff.

Our school considers, explores and implement positive and non-punitive interventions to support student behaviour before considering disciplinary measures such as detention, withdrawal of privileges or withdrawal from class.

Student engagement, regular attendance and positive behaviours will be supported through relationship based whole-school classroom practices, including targeted and individualised support when required.

Discipline Procedures – suspension and expulsion

A student may be excluded from school in situations where all other measures have been implemented without success, or where an immediate suspension is the only appropriate course of action in response to the student's behaviour which may put the health, safety and well-being of other students, staff or themselves at significant risk.

Consequences which may be used prior to suspension include:

- Withdrawal of privileges
- Use of behaviour and attendance sheets to monitor behaviour
- Withdrawal from class activities for a specified period. Where appropriate, parents/carers will be informed of such withdrawals
- Detention: teachers may require a student to complete school work or additional work or duties at recess or lunch break, or afterschool. No more than half the break time may be given
- to detention and afterschool detentions will not exceed forty-five minutes. Parents will be informed at least the day prior to the detention and in family circumstances where this would create undue hardship, the school may negotiate an alternative disciplinary measure with parents/carers.
- Convening of a school support group.

Suspension, expulsion and restrictive interventions are measures of last resort and may only be used in situations consistent with Department policy, available at:

- <https://www2.education.vic.gov.au/pal/suspensions/policy>
- <https://www2.education.vic.gov.au/pal/expulsions/policy>
- <https://www2.education.vic.gov.au/pal/restraint-seclusion/policy>

In line with Ministerial Order 1125, no student aged 8 or younger will be expelled without the approval of the Secretary of the Department of Education and Training.
